Recordings:

Complete recordings exist of the 1984-1989 musicales. These have been transferred to CD, and copies have been given to Oxana Horodecka and all other living participants we have been able to track down. There are rumors that bits and pieces of earlier musicales may have been recorded (e.g., piano duets of Frances Callan and Oxana Horodecka); however, as of 16 Oct 2020, they have not surfaced.

Printed documents:

Programs of most musicales exist, as do some invitations, announcements, etc. All have been converted to PDF files.
